

**Modulbezeichnung:** **Current Aspects in Molecular Science (MSM-CA)** **10 ECTS**  
(Current Aspects in Molecular Science)

Modulverantwortliche/r: Students' Dean

Lehrende: N.N

Startsemester: SS 2016

Dauer: 1 Semester

Turnus: halbjährlich (WS+SS)

Präsenzzeit: 30 Std.

Eigenstudium: 270 Std.

Sprache: Englisch

**Lehrveranstaltungen:**

Scientific presentation and workshop

**Empfohlene Voraussetzungen:**

Admission to the M. Sc. program Molecular Science or Chemistry

**Inhalt:**

The students have to attend **10 lectures** related to modern molecular sciences. The lectures can be out of any lecture series of the Departments Chemistry/Pharmacy or Biology. Alternatively lectures from conferences/workshops related to the study program can be used. Not suitable are ceremonial addresses (e.g. inaugural lectures, "Antrittsvorlesungen"), presentations given as part of a Ph.D. defense, or popular scientific talks.

Additionally, scientific results have to be presented as a **poster**.

**Lernziele und Kompetenzen:**

The students are able

- to understand modern aspects of molecular sciences and chemistry
- to understand and document a scientific presentation
- to communicate the content of a dense scientific presentation to peers
- to communicate scientific information in form of a poster

**Literatur:**

Not applicable

**Verwendbarkeit des Moduls / Einpassung in den Musterstudienplan:**

Das Modul ist im Kontext der folgenden Studienfächer/Vertiefungsrichtungen verwendbar:

[1] **Molecular Science (Master of Science)**

(Po-Vers. 2013 | NatFak | Molecular Science (Master of Science) | Current Aspects in Molecular Science)

**Studien-/Prüfungsleistungen:**

Current Aspects in Molecular Science (Prüfungsnummer: 33201)

Studienleistung, Seminararbeit

weitere Erläuterungen:

Attendance of 10 scientific lectures, one poster presentation in a workshop;

no grade

Prüfungssprache: Englisch

Erstablingung: SS 2016, 1. Wdh.: keine Angabe

1. Prüfer: Jürgen Schatz

**Bemerkungen:**

Module accompanying the Master Thesis
